

# AUDIT MANAGER (M/F)

## Your prospects

- Interesting no audit report or and varied job going beyond classical auditing of annual financial statements
- Space to assert your own ideas and initiatives
- Attractive office with clear view into Hamburg's town centre
- Individual support through training on the job and internal as well as external further education measures
- We encourage diversity and a healthy balance between work and leisure

## Your Profile

- Completed university degree and several years' professional experience in the area of auditing annual financial statements
- In-depth knowledge of commercial accounting and auditing financial statements
- Ability to lead and instil motivation in a team
- Very good command of English
- Good IT knowledge (DATEV, AuditAgent, IDEA, MS-Office)
- Friendly, client-oriented in your actions and manner

## Your responsibilities

- Managing the audits of annual financial statements and consolidated statements of domestic and international industrial, retail and service companies
- Producing professional opinions as well as acting as consultant and expert as part of integrated client support
- Involvement in extensive company valuations in the context of shareholder actions
- Professional management, supervision and motivation of your team colleagues
